Dear Rabbi Lamm,

My colleague, Aryeh Carmell, has been in touch with you about the reproduction of an abridged version of your article "The Religious Implications of Extraterrestrial Life" for the reproduction volume on "Judaism and Science" which we are editing for A.O.J.S. I am pleased to say that our material is now almost complete and we hope to go to press shortly.

It is useful in a publication of this kind to include a brief biographical profile of each contributor. I should therefore be grateful if you could let me have a few lines about yourself which you consider to be suitable.

With best regards.

Yours sincerely,

Cyril Domb
