Yeshiva University / Office of the President

VIA AIR MAIL

September 18, 1992

Dear [REDACTED]:

This letter, which is being sent with Dr. Lamm's approval and great concern, is to officially follow up on our conversation of earlier this week with reference to the French translation of *A Hedge of Roses*.

It is my understanding that, at present, your most recent version of the book is being copy-edited by an expert French linguist prior to its publication in France. We agreed over the phone that *before this book is even set into galleys* you will send us a copy of the edited manuscript for our final check. You will not have our approval to publish this work without that final check.

Please acknowledge by mail or fax receipt of this letter and do let us know when the edited manuscript will be available.

Thank you in advance for your cooperation.

With good wishes for the New Year,

Cordially,

Jeffrey S. Gurock
Academic Assistant
to the President
