Dear Danny:

An idea: to lease land for any project you may have for Gesher from the JNF.

Originator of the idea is Stanley Stern. As for me, I am only a mailman, like Dr. Jarring, according to Dayan.

All best wishes.

Cordially,

!

P.S. Dan - I just received your letter and the copies concerning Russian Jewry and Rabbi Kalman. I had been busy raising money for Rabbi Kalman, and although the sums are not astronomical, there are considerably more that what [REDACTED] has done so far. I never expected [REDACTED] would react affirmatively to the [REDACTED] idea. Have you been in contact with Segal of the Old City with regard to the Covenant idea? I still believe it should be pushed, and I am not yet ready to give up on it. Let me know how your television program went and how it was received.
