Dr. Hans Morgenthau
19 East 80th Street
New York, N.Y.

Dear Professor Morgenthau:

I have been trying to reach you for several days by telephone, but with complete lack of success. I was trying to verify whether or not you are associated with an organization that assists emigres from the Soviet Union.

On the possibility that you do, permit me to refer to you [REDACTED]. I have met him and he makes an excellent impression as a decent, presentable, and honorable man.

I take the privilege of sending you some material about him, in the hope that somehow you will be able to be of assistance.

Should you not be able to do so, you need not bother to return the enclosed material.

Cordially,

RABBI NORMAN LAMM
