Dear Hilda

I trust you are well

I know that Rabbi Lamm is not too well and that inevitably our 40 + years correspondence has dried up

But if possible I would love you to be able to pass on to him my love and appreciation for our trans atlantic relationship over such a long period. It was truly a most wonderful lifeline for me, full of inspiration and good advice. I miss his letters which became progressively shorter the more responsibilities he assumed

To him and his wife Mindy my fondest good wishes

Thankyou

Mike
