Dear Debbi:

Mrs. Lamm and I were thrilled to receive your lovely post card overflowing, as it was, with such enthusiasm for the Holy Land.

The "crazy" things you have been doing certainly are an index of your own vitality and to my own mystic mentality of the "kedushat ha-aretz."

We look forward to seeing you upon your return with the marvelously beneficial results of your stay no doubt being evident to all.

Your parents and brother are all well, thank Heaven, and we shall give them personal regards to you when they visit.

Warmest good wishes from everyone at The Center and from our children in particular.

Cordially yours,

RABBI NORMAN LAMM
