Dear Danny:

Many thanks for the copy of Shaki's speech in the Knesset and the report on it in Hatzofe.

Yes, I do type out my sermons, strange and superfluous that that might seem. I am not sure I know why I do it...

By now you have received a cable from Chaim about supplying the material for Golda Meir, to follow up my letter to her and Burg. It is a long shot, but I pray that it will prove fruitful.

Warmest regards to your wife and child and keep in touch.

Cordially yours,

RABBI NORMAN LAMM
