Dear Mrs. Schwarzschild:

We both know the kind of man that Martin is, but I think that as his mother you deserve to be told of the truly heroic achievements of Martin on behalf of the many Russian Jewish immigrants in the area, and all this in the quiet, modest, and efficient way so characteristic of everything Martin does.

If only a fraction of the blessings bestowed upon him by the various beneficiaries of his activities come true, you and I are going to derive very very much "nechas" from him!

Cordially yours,

RABBI NORMAN LAMM
