

Chag Ha'asson - Sevuim - April 26, 1958

(Israel Independence Day)

A-316

A-316

I - As we Jews would over ... David: 12 ״מלך אלהים ויהוה יתברך״

II - Indeed, ״מלך אלהים״ Not as easy as seems.  
For many years never assimilated full impact of wart -  
supernatural, incredible, meta-historical -- words prophecies -  
and all we thought of was: POLIT., MONEY... consequences of humanat...  
Like traumatic wart, leaves state shock, disbelief, so...

III - Now, however, that wart receding into domain recorded history,  
and we learning to live with miracles - of a nation being reborn,  
of returning to Sinai, of defending - ... Now what?  
Now that can indulge in ״מלך אלהים״ - how express?  
How we to understand histor. wart occurred 10 yrs. 1 day ago?

IV - ״מלך אלהים״ / ״יהוה יתברך״ / ״יהוה״ - 12 ״מלך אלהים״ & ״יהוה יתברך״  
״מלך אלהים״: ״יהוה יתברך״ / ״יהוה״ - ״מלך אלהים״ / ״יהוה יתברך״ / ״יהוה״  
״מלך אלהים״ / ״יהוה יתברך״ / ״יהוה״ - ״מלך אלהים״ / ״יהוה יתברך״ / ״יהוה״

״יהוה יתברך״ / ״יהוה״  
That is great tragedy inherent in this great moment: (״יהוה יתברך״ / ״יהוה״)  
״day״ or ״g-d״ - <sup>state</sup> ~~Independence~~ or ״Jewish״ -  
we are confused: what is object our independence: The natural wart or  
super nat. interv. - our prowess or g-d's guidance - armed might  
or spiritual greatness which kept us alive?

? ״מלך אלהים״ / ״יהוה יתברך״ / ״יהוה״

→ You may wonder that I raise this point in this way  
I think so. But:

- a) This is not only <sup>state?</sup> Israel's holiday, also Israel's ...
- b) It is also a public relations job - then I'm wrong. But it is in I. sense. then I'm right.

- So: we in dilemma: ...
- some of us tempted: OUR power... diplomacy... foresight.
- sometimes a B.G. gets messianic complex, man of destiny ...
- if P112, then I'll show the door -- & P113: ...
- becomes just another city, and have night-clubs & dance-halls ...
- & if P112, then ~~it becomes a carnival~~, & all I. life at stand-still, & all holiness secularized, & str. - Israel just another swarming state which today technology is socially more advanced, but perhaps tomorrow ...
- if P112 & not I'll show, even if just P113 - then a movement to replace has no P113 & no P114; then a Prime Minister "pushes right" & acts with more P113 towards Relig. leaders than any western democracy can tolerate; then Dr. Duddy. Day celebrated only by military parade, no open formal declaration thanks to G-d.

V. what shall it be? ...

We must address immediate econ. problems - strategic matters  
military security - subtle play diplom. game - polit. questions - immigration

We must all these important everyday matters - requires  
WISDOM so common to know that

2/5/71

... .. P113

It's not's power, the watchfulness ...

VI - More than a moot question involved.  
 → Sometimes wonder it have right feel האם זה נכון  
 → 2 anniversaries today... also 15th of Warsaw ghetto...  
 → Can we feel האם זה נכון when state was built in their ashes,  
their blood, their sacrifice, their anguish....?

→ IF האם זה נכון - If this is ~~not~~ only a secular state, if nothing  
 more than machinery of govt + large scale immigr. - w-o  
 spirit of 50m, w-o spark of 50k, w-o stirring ~~of~~ call of  
 prophecy, w-o listening to footsteps of G-d - Then  
 WE HAVE NO RIGHT האם זה נכון - with ALL we do  
 SAY THAT WORTH 6 MILLION MARTYRS TO HAVE 2 MILLION  
 ISRAELIS INDEP.; THAT WORTH AN ARMY TO HAVE  
 CREMATORIUM.....

→ ONLY when האם זה נכון - when we sense Divine wisdom  
 in this unprecedented juxtaposition האם זה נכון,  
 low point - high point, when sense inscrutable  
 plan of G-d - then we can submit to His will, &  
 say האם זה נכון - ~~האם זה נכון~~ ....

→ ~~if~~ when Israel's current unity will begin to press religious  
 values האם זה נכון - האם זה נכון - NOT the purely secular האם זה נכון, not the  
 draws of האם זה נכון - Then no large problem of why  
 no attraction for Am. Jews - who find political  
 fulfillment in USA. Look to Israel for higher messages.

vi. past 10 years was / 1971 / 1972 / 1973  
 → but not irretrievable. will let others speak about the  
 glorious achievements of unity, stability, diplomacy + security.  
 It mistakes were made spiritually, they were ~~made~~  
 committed in process of building up / 1971, 1972 - & until  
 we begin to build without mistakes.

→ The next 10 years will bring, we hope, greater  
 glories on the road to peace. The world group must  
 understand - economy strengthening; militarily not interfere
