Dear Norman, Kōre

I have just obtained
the good news of your election to
the presidency of YU, and I hasten,
as one of your former teachers, to
congratulate you on this most significant
elevation to the highest American-Jewish
academic post.

The men who preceded
you - Dr. Bernard Revel and Dr. Samuel
Belkin¹⁹²² & 1923 - besides their presidential
capacities 1922 & 1923, established
international historic recognition as
exceptional scholars 1922 & 1923; Revel
in 'Karaism' and Belkin in 'Philo'. The
academic world in particular and
Jewry at large will surely look up
to you now for your full Torah
development and sincere educational
guidance. Everyone will eagerly await
your significant contributions to
American Jewish scholarship and
