Midweek on 7/10 measuring

12/11/12/20

It dawned why measurements!

- A: 2nd length, 3 types:

- 1- step-ladder - used to get something (water) fed it up and forget it
2. ladder - lean it against wall, i.e. something great supports it. But limited height.
- 3- extension-ladder - can constantly grow higher.

- B: 1st width

1. Just enough place for you alone.
2. Enough place for others with you -
