Rabbi Norman Lamm
The Jewish Center
131 West 86th Street
New York, New York

Dear Norman:

A gentlemen by the name of Mr. Joseph Spindel, of San Francisco, has asked me to obtain some information from you. He comes from Galicia and had an uncle by the name of Note Lamm. He saw your name in Tradition and in the newspapers and wonders whether or not there is some remote or perhaps direct relationship between you and his family. He would appreciate it if you could send him your father's name, the community he is from in Europe, as well as other pertinent information, for he feels there may be some kinship between your family and his.

Now that we are settled here in San Francisco, we do hope that the distance which separates us will be one of miles and will be bridged either through correspondence, or, from time to time, at Conferences or Conventions. I do wish you will continue to keep my name on you mailing list so that I may receive your very fine bulletin, as well as your wonderful writings, as they are printed by the Congregation.

Ruth joins me in sending her fondest regards.

Sincerely yours,

Louis M. Tuchman
