Dear Pynchas:

I recently returned from a short stay in Israel, where I learned that they are nearing the completion of my book, Hedge of Roses in Hebrew. This brought to mind the fact that you had requested permission to publish it in Spanish, and I am wondering if you have made any progress on it so far.

Do let me hear from you also about your general progress and if there is any way I can be of assistance.

Cordially yours,

NL/hh
