Dear Dr. Adlerblom^u:

Thank you very much for your kind words and your suggestion that I write a special preface to the biography.

However, the same reason for which I could not include a Table of Contents by you causes me to abandon any idea of such a preface. Page proofs have already been set for the whole first part of the book, and any additional printing at the beginning will necessitate a complete changeover and mean spending much more of both time and money than we can afford.

Nevertheless, I do appreciate most deeply your generous spirit and the kind friendship which informed your advice.

My very best wishes to your husband.

Sincerely,

RABBI NORMAN LAMM
