First of all, heartiest congratulations to you upon becoming the head of Internal Medicine at the Springfield Hospital. I wish you loads of hatzlachah.

Yet, I do hope that you will make the time to save the Springfield Hebrew Day School. I am convinced that only the "Old Guard", consisting of such men like yourself, ██████████ and ██████████ can save the school. You people have worked hard for 13 years to bring Torah to Springfield - and frankly you should be "mevatair" on your pride etc....to save this institution.

Again, quite frankly, it is you - and ██████████ - and "your crowd" who understand what Torah is more than anyone else in town, and you must not let a Day School fall, G-d forbid.

██████████, I implore you to put aside any other considerations and do your utmost to pull the school out of the fire.

All the best to you, ██████████ and the children.

Keep very well and best regards.

Sincerely yours,

JK:LB
