Dear Is:

I was truly delighted to hear from you, and not at all displeased to receive your gracious and enthusiastic endorsement of my views on Dialogue. Your neighbor, Msgr. [REDACTED], is a real "tachshit," In two previous articles I had done for Jewish Life, I made a number of references to him and his overt missionary efforts. We are in complete agreement on this point.

Once again, my devoted thanks and my warmest personal regards -- as well as from Mindy and my folks -- to you and yours.

I look forward to not only hearing from you again, but to meeting you personally. Of course, if you decide to attend the Talmud lectures next year, plG., it will be a great source of pleasure to me.

Warmest regards,

Cordially yours,

RABBI NORMAN LAMM
