

Lecture #5 - "From my diary - QUESTIONS AND ANSWERS"

1. For this last lecture-- melange of stuff I dealt with in my own experience, as example of problems that demand, & admit of, Halakha.
2. v-c- not all - stuff worthy of repeating here (so many that are - no time). Some silly Q's early in career -
 - a) do photos of dead relatives require kashrut?
 - b) woman A-C. Her favorite color green. But her blue eyes. Bury her in green gown or blue one?
 - c) P in India - how rid of haunted house (exorcism!).
3. 2732. Often asked: Boy born first, but premen by misarrange.

Ans: < 40 days = infantile, so - perform 2732.

> 40 days - has status as son, so, no 2732.

Recently: about 40 days or better. What do?

~~There's~~ Can't cancel 2732, bec. maybe son. Can't do it - bec. אברהם. So - one of 2 ways:

 - a) 2732 (acc. 'Nefesh') אברהם אברהם אברהם אברהם אברהם
 - b) אברהם - say אברהם אברהם אברהם אברהם אברהם -

I do the latter - spared embarrassment.
4. ATTEND NEW YEAR'S PARTY (in synag. for charity)? Rec'd P from man in army 3-4 yrs ago, released from in Israel. ~~First~~

Is it אברהם, or - not's more Christian than pagan?

Since it's legal holiday - must be go. bec. (U's אברהם אברהם?)

Does fact that it's for 2732 mitigate אברהם situation?

READ my answer
5. SMOKING PERMITTED IN 2732? אברהם - NO, bec. P'd don't on their fast day; we should be no worse. אברהם - YES! bec. to forbid on this basis - violation of אברהם. אברהם - NO! bec. אברהם is only where we invent new ritual as memory, but where we have core of institution - law of 'U's - but P how implement - not in violation of אברהם; warning - if smoke, violate אברהם.

- e) concept of *erub* (עֶרֶב). Contrary to *shabbat*, *erub* is a *mitzvah*.
- f) Is *erub* permitted if it benefits to man? 2 opinions in Talmud.
(may depend on: *shabbat* (שַׁבָּת) or *erub* (עֶרֶב)). (Ort - *erub* is OK, even if it's *shabbat*).
- g) Killing without pain OK? R. Ezekiel Landau (1750-1843) *Shema* (שְׁמָע) prohibits: OK. Prohibition = only *shabbat*, not *erub*.

Hence - pain + life (or survival) = 2 separate values. Pain prohibited both non-animal (in itself - in man derivatively from animals!), but life (jips, i.e. 'I') - only man, for whom it is an absol. value.

7. HUNTING PERMITTED? - same source in 21) focus on this
p - read relevant parts. (beneficial!)
