[REDACTED]

Dear [REDACTED]:

As you know, I have been soliciting some of my friends for the past few years to help arrange for scholarships to religious high schoolsdormitories for children of immigrant families who are not necessarily religious and who live in areas very far from centers of religious culture and education.

Lastyear you were kind enough to send me \$100 for the purpose of such scholarships. As you well realize, everything has gone up and the cost of education of dormitories no less. If you could see you way clear to increasing that contribution this year, I would be most deeply indebted to you. But at the very least I hope I may look forward to a contribution of \$100.

Please make out your check to the Jewish Center Charity Foundation, Inc. which is tax deductible.

My very warmest regards to Rebecca and the children and best wishes for a Happy Chanukah.

Cordially,

RABBI NORMAN LAMM
