Dear Isie and Helen:

On behalf of Mindy and the four little Lamms, please accept my thanks for the box of citrus fruits you sent to us. From the way most of the contents has been devoured already; you would imagine that we starve our children.

I hope both of you are getting a good rest, enjoying yourselves, and bracing yourselves for a great deal of constructive and creative work in Springfield.

If by chance you find yourselves with a lot of free time when you return, please let me know and I shall be glad to oblige you by recommending a number of worthy projects. I have a sure plus of them at present.

Warmest regards to all our friends,

Cordially yours,

RABBI NORMAN LAMM
