

Dear Rabbi Hamm & Rabbi Young,
I would like to know

① if pants suits are prohibited in public under E.A. 582 or any other statute

② if the majority of your female congregants do wear pants suits in public

③ if there has been a precedence where a certain mode of dress was allowed women in public but not in synagogue

Please do not ignore my question.

While to you, it may be peripheral & yet require some of your time in research to me the question is real & important. Please respect that I & my feelings, & others like me, are important,

Thank you

For bulletin, perhaps.
