I am asking Walter Hurburger to act as
a 12/1/73 and take this letter + enclosure
to New York.

At home I had heard rumors that
12/1/73 in conn. with Bar-Ilan
University and I fervently hoped that things
would work out & that you'd come. I was
very disappointed when I learned that there
was little likelihood of your immediate
coming to Bar-Ilan.

You know that I am not orthodox (& in many
areas - including the public, social & political
re - even militantly anti-orthodox) but
I wish you and the like of you were
in Israel. After all, even as "opponents"
one wishes people whom one can respect,
honor and love.

as ever
