Dear Menachem:

Enclosed please find a check for \$240.00 for "Case R."

According to your bill, this amounts to \$20.00 per session. Is this the total fee, or half the fee, the other half of which is being paid by "R"?

Thank you for your Xerox of the memorandum ~~lined~~ *signed* by the Abramsons. I found both items on my desk upon my return from Israel. (where, incidentally, I spent Shabbat services with your brother, who sends you his regards). This latter matter is fraught with great danger. I have been having endless conversations with Rabbi Steinberg on the Halakhic issues involved. I am rapidly coming to the conclusion, which I long suspected, that the husband in this case is psychopathic or demonic -- depending on whether one looks at him from your professional perspective or mine...

Let us keep in contact.

Cordially yours,

RABBI NORMAN LAMM.
