Miss Naava Frank
1150 Rockbridge Road
Silver Springs, Md.

Dear Naava:

Mrs. Lamm and I and the children were delighted to receive your invitation to attend the commencement exercises at the Hebrew Academy when you will be graduated on June 15th .

You can well understand how pleased we would be were we able to come -- all of us! It would have been a special occasion of joy for us, because we would so want to join your family at this significant occasion.

Unfortunately, however, June is an extremely busy month for all of us, and there is just no way that I can make it -- especially because I must perform a wedding for very dear friends on the same evening, here in New York.

However, we do want you to know that we will be with you in spirit, that we are very proud of your achievements, and that we hope and pray that yours will be a long life of great achievements in all ways, and especially as a great Jewess. May your future development, and that of your sisters, be such that you will bring great joy to your mother and grandparents, and that all you do and are will reflect glory upon the memory of your sainted father.

We are sending enclosed a little token of our affection and regard for you. Please give our love to Mother and to your sisters, and best wishes for

Cordially yours,

RABBI NORMAN LAMM
