לכבוד
הפרופ' הגר"ש בלקין שליט"א,
נשיא הישיבה,
ניו-יורק.

כבוד רבינו הגאון שליט"א,

Before leaving New York I met with Rabbi Rackman who called me at your suggestion and discussed with him more details of my work at Yeshiva next year. He told me that within a few days I would receive from you the official and detailed letter of appointment. However, so far I have not yet received it.

In a letter to Rabbi Rackman further to our meeting, I suggested the outline of several courses in Hebrew Literature which I am prepared to give. This list is in no way conclusive and I am awaiting to hear the suggestions of the Deans of the respective Colleges as to the nature and specifications of the courses. The earlier this information gets me, the more time I will have to work on preparing them properly.

One of the courses which I suggested deals with the works of Nobel Laureate S.Y. Agnon and it is in this connection I would like to make a suggestion.

As you probably know, Agnon is expected to visit the United States in May as ~~guest~~ Guest of Honor of the American Friends of the Hebrew University. He is, as you know, a remarkable Talmid Chacham as well as an observant Jew. You may be interested in receiving him at Yeshiva while on his visit to the States. As Agnon is a close friend of mine if there is anything I can do in this respect I would like to of help if possible.

In my letter to Dr. Rackman just before leaving the U.S., I asked him to convey to you my sincere thanks. I would like to express them once more.

Looking forward to a fruitful and mutually beneficial association with Yeshiva, I am,

Yours truly,

Pinchas H. Peli
