Dear Rabbi Lamm,
P.S. I am a student at Barnard College. My home is in Chicago. Coming to a new city warrants various adjustments to the surroundings as well as finding one's place in this large city. Being that I am an observant and religious Jewess, I also had to find a shul that I could attend on sabbath. After going to various shuls, I wanted to find a *Yeshiva* where I could go to daven. I have attended

your shul on a regular basis. I was at
Shul when you spoke on the immigration
of Soviet Jews into Israel. I was astounded
as well as disturbed to hear of the
disgraceful and deceitful way in which
they are being treated. Yet, being in
U.S. limits the ways in which we
can help improve and change this
situation. At the moment S-33 seems
to be the means of helping our
brothers in Israel. Enclosed you will
find a check which I'm sure you
will send to the proper people in
Israel in order to attempt to rectify
