Dear Dr. Weiss and Mr. Bernstein:

I know how often it happens that people in communal life work hard and succeed, and their achievements are taken for granted.

Because I do not like this all too human trait, I want to put in writing my personal felicitations to you for the splendid National dinner of last night. It was a "kiddush ha-shem" in its whole tone and its effect upon all those who attended. Certainly the two of you and all the rest of those connected with the Office of the Union deserve the gratitude of the entire community for the competence and loyalty which went into making this evening such a success.

Sincerely,

RABBI NORMAN LAMM
