Dear Rabbi Lamm -

My brother-in-law Iggy Strick, who lives here in Miami with Helen read a hand of your address- "The Jews and the Ecumenical Council" How about Jews Today?" Also your Eulogy on our late president John F. Kennedy.

I should love to read both of these and would appreciate it so much if you could send it to me.

I hope you - Quinby and the children are enjoying good health and please give my best regards to the family. I hope to be in New York sometime this summer when I usually go to Springfield, and will try and get in touch with you. Thanking you and with kindest regards, I am

Sincerely
Sydna Schreiber
