Dr. Norman Lamm
President, Yeshiva University

Dear Dr. Lamm,

A belated congratulations on your election to the presidency of Yeshiva University. As I remember, you were one of my First Aid instructors. Even though you did not receive the mark you deserved, my credo has been, "The only mark that counts is the mark you make in the world."

You certainly and deservedly have made your mark. I've read some of your writings and heard only praise of your achievements.

May God grant you the health and wisdom to guide Yeshiva University and to give it the First Aid it needs!

Best wishes for your continued success.

Most sincerely,

Abraham B. Hurwitz
