Rabbi Reuben Aberman  
Jewish College for Women  
Jerusalem, Israel

My Dear Friend: *Chava*

I hope that by now you have completely settled in your new position and that the *shul* has already begun to benefit from your talents and devotion.

I have been asked to recommend a young lady as a student for the *shul*. I know her and her family for many years.

*[Redacted]* of *[Redacted]* is a student at Queens College, and has studied in elementary day school and Yeshiva High School. She is a personable, intelligent young lady with genuine conviction and a love of Torah. I know that her association with the school will prove of enormous benefit to her, and I have every reason to believe that the administration will be satisfied with her as a student.

All my best wishes to your wife and to all our mutual friends at *[Redacted]*, *[Redacted]*.

Cordially,

RABBI NORMAN LAMM
