Biblical Background Material on 'Jo 523N,
recently conquered by Israeli troops

I A) a news report - Jerusalem, Nov. 7. Premier B-G (to Knesset) - Sinai Peninsula (Jo 523N) belong to Israel under ancient historical mandate. ... "I hope that in the future we will not be forced by the Egyptian dictator to violate the commandment given to us 3300 years ago not to return to Egypt".

B) Background - ~~historically Egypt eastern boundary~~ ^{at} Forbidden to return to Egypt. question whether conquest of Egypt by Israel permitted, debatable. Maimonides decides that it is permissible (halakal asil/pis sick). Nasser must be aware by now of fact that Israeli cabinet upholds Maimonides, ~~the use~~ ^{the use} inserts ~~also~~ ^{also} against him.

II. Jerusalem, Nov. 7 - Accompanying ^{the} Israeli military expedition occupying the Jo 523N was Chief Chaplain, Gen. Shlomo Goren. Gen. Goren this week performed a ceremony for the first time in thousands of years: the circumcision to be Esra, to sanctify all land conquered by Jewish forces with the sanctity of Jo. The Esra was performed by making Esra, that is - a procession - around the conquered territory while reciting appropriate chapters from the Esra.

III. Sinai Peninsula - called Jo 523N in Psalm. -
A - 11,200 sq. mile (320 mi x 150 mi)
B - Took Jews 40 yrs. to cross fr. Egypt to Israel. Last week, for Isr. to eg, entire occupation took 48 hrs.

D - Jo 523N is hilly country. In it a small mountain which has two peaks:
the Jo 523, the 2515 22 (reason Torah uses both terms). Torah given there to Isr.
E - Jo 523 slightly higher than 2515 22. On slope of 2515 is a cave where Tradition asserts, Moses isolated self in meditation and received Jo
F - on very top of peak of 2515 is another cave - Tradition: Elijah hid there from vengeful wicked Queen Diabelli (2515).
G - This morning's Siwa - Jacob's dream ladder etc. - Tradition: took place on Mt. Sinai [psio in gematria = 50]
H - Psio city in Jo 523N occupied by Isr. troops: is most imp. city Sinai Peninsula. In Arabic, ^{asil/pis} called "Sakkut" (2515) - seemingly bec. original inhabitants lived in HUTS made of palm-trees & grape-vines. Agadda: Jacob sojourned there on his way to Egypt from Canaan (11/10) and built a psio there, hence name 2515.
