Dear Dr. Lamm,

At the risk of sounding presumptuous, I would like to take this opportunity to wish you a/c BN and best wishes on your appointment to the presidency of Yeshiva University.

I have been among your admirers from the time I took courses with you at ENC. My father, Jerry, informed me of the news of your ascendancy to my great pleasure. I trust and pray you will lend to your new position the excellence and quality that you have always exhibited.

I hope you will accept this heartfelt expression of best wishes with the spirit with which it is written.

Happy + healthy New Year!

Sincerely,

Jay Rosenblum
