Yeshiva University

186 St. & Amsterdam Ave.

New York, N. Y. 10033

Dear Norman:

I know that you have received hundreds of notes of congratulations and that you also received the telegram which we sent you on behalf of the Rabbinical Council of America from our conference in Jerusalem. It may please you to know that we made the official announcement in Hechal Shlomo in the presence of Prime Minister Rabin and that the announcement was greeted with tremendous applause.

Your appointment is a source of pride to us all both in the RCA and in the Yeshiva Alumni and I need not tell you that you may look forward to the active and sincere cooperation of the entire Orthodox community.

I am joined in my good wishes to you by the members of my congregation which already has displayed its keen interest in the welfare of Yeshiva University throughout these many years.

May the Almighty grant you and Mindy and all members of your family many years of successful and prosperous activity.

Sincerely yours,

Rabbi Fabian Schonfeld
