Dear Moe:

Two things:

First, I want to let you know how much I admired the capable and efficient manner in which you disposed of the tributes to the eighteen "Amudim" at the Torah Umesorah Banquet Sunday night. It could not have been done in a quicker or more charming manner, and the total affect was most impressive and encouraging. "Ye'hashar koach."

Second, I have been trying to reach you for two weeks to discuss with you the matter of Paul Baris and the Publications Commission. Please let me know what is new on this score.

Sincerely,

RAEBI NORMAN LAMM
