Dear Dr. Lamm:

Permit me to congratulate you on your recent appointment to the distinguished office of President of Yeshiva University. May G-d prosper your ways so that under your direction as a scholar and thinker the Yeshiva University may grow and rise to greater and greater heights.

I am now reading your work, TORAH LISHMAH, which you were kind enough to forward to me. I find this an outstanding and most significant work. Had I read this work prior to the publication of my recent book, I would have had occasion to refer to it a number of times.

With best wishes to you and yours, I am

Sincerely yours,

David S. Shapiro
