Mr. Chaim Billet
Gesher
96 Greene Street
New York, New York 10012

Dear Chaim:

This is the correspondence dealing with Gesher, which I discussed with you when we met.

I assume that by now you have not only received a telephone call from my secretary but also acted on it in notifying Danny to send the material about Gesher to the Prime Minister as soon as possible.

I have sent copies of this material to Eliezer Shefer, who is a shaliach to Mizrachi youth in New York and who, together with Mr. Shiff of Hatzofe were the ones who told me about Mrs. Meir's proposal and recommended that I act on it.

It was a pleasure spending time with you this past week and I very much appreciate the efficiency with which you responded to my request.

Be well.

Cordially yours,
