Mr. J. Michael
211 Central Park West
New York City

Dear Mr. Michael:

I am enclosing a bill from the printer for the preparation of "The Sun Has Set," the sermon I delivered the day after the assassination of President Kennedy.

I am always grateful to you when you sponsor such publication of my talks, but this time I am especially appreciative. I have never had so many demands for copies of the talk. As a matter of fact, I have no more than one half dozen copies left, because of the requests that were made ~~for~~ for them. If my words had any effect, I would like you to know that it is you who is responsible for giving them circulation and the ability to be heard.

I suggest the check be made out to The Jewish Center, and we will then pay the bill accordingly.

I need not tell you that I hope and pray every day for the recovery of Mrs. Michael and the restoration of all members of the family to complete and happy health.

Cordially yours,

RABBI NORMAN LAMM
