Dear Mr. Gilbert:

Many thanks for your letter of March 23.

I appreciate the complexity of your task and I certainly hope that you will do your best both to help our fellow Jews in India and at the same time to make sure that no particular ideological group will have its interests prejudiced with regard to J.D.C. assistance. I deeply appreciate your good work and I am confident that you will arrange things to everyone's satisfaction.

I am looking forward to hearing about the composition of the Council and the general development of things.

All good wishes for a successful stay in Bombay.

Sincerely yours,

Rabbi Norman Lamm
