Dear Sylvain:

I am trying to get an early start on the forthcoming High Holidays, p.G., and am anxious to know that we may once again count upon your generous cooperation by reading the Torah and sounding the shofar.

Please do not disappoint me. It has become a cherished tradition to have you participate in this manner, and I know that all of us at The Center would like you to continue in this capacity.

Warmest regards to your parents and your brother.

Cordially yours,

RABBI NORMAN LAMM
