U.S.A.

Dear Rabbi Lamm,

I trust that you and your wife are well and recovered somewhat. Needless to say I assume that you are fully involved with the war effort. We hear marvellous news of support from the American Jewish community.

Enclosed is a further report and incidental material relating to it.

I will be, G-d willing, in U.S.A. during January and certainly hope that we will see each other.

Although you sounded at the time somewhat uncertain as to whether we could find support for our College in U.S.A., when we last spoke, please try to find at least one or two persons who might look favourably upon our needs. Their outlook need only be that of 'positive feelings' concerning us, with no immediate thought of tangible aid. I am quite prepared to invest years in developing someone's favourable disposition'. I would use the opportunity of my stay in U.S.A. to make an initial contact with one or two such people that you might advise me to see.

Shalom Uverachah,

Sincerely,

L. WOLF, DIRECTOR FOR DEVELOPMENT.
