My dear Rabbi Lamm:

It was my good fortune to have one of my Kodimov Sisters direct my attention to the copy of your December 21st address. This is the most intelligent written word on our reaction and on our overwhelming emotions. I begin to re-appraise my own intimate feelings and possible statements.

If you will put our name on your mailing list it would please us.

Many times I think of
the excellent lecture course with
you on the subject of "Maimonides"
which you gave in 1958. Perhaps,
when we are in New York at
some time, we can attend the
services at your synagogue.

Our very best wishes to
you and your family.

Respectfully,
Sylvia C. Heller
