I am quite pleased to inform you that an anonymous donor approached the alumni office and suggested that we distribute your book Torah Umadda to all incoming undergraduate students at YC, SCW and SSSB. He would pay for all expenses incurred for this project.

The books were distributed by the dorm counselors through the Office of the Dean of Students.

How fortunate we are to have an alum who deems it so important for incoming students to understand the mission and direction of our institution.

Let's hope our office can continue to be instrumental in helping our alumni feel close to the university and can help us both financially and in a leadership capacity.

Enclosed please find a copy of the bookplate which were pasted into the book.

P.S. This project was started with Sherry Friedman. I'm not sure if she communicated the above with you.

Many, many thanks.  
A great number of this  
before. Place copies  
my send to appropriate  
to the anonymous donor.*
