Dear Moe:

Enclosed please find the photocopy of the Synagogue Council of America deliberations on Shechitah which you asked to have returned to you.

The problem is obviously acute and decisive, but I must refrain from offering any opinion simply because I do not know enough about the matter. I have not been involved in these questions, and therefore do not believe that I am sufficiently competent to pass judgment.

Thank you for sending the note to Zalman Posner in Tennessee. I wrote to him some time ago and have not heard from him as yet. Warmest regards.

Sincerely,

RABBI NORMAN LAMM
