Dear Rabbi Lamm,

Chodesh Tov! How are you? I hope all is well and that your pesach was beautiful. Mine was b"h filled with family, Divrei Torah, and rejuvenation. And, it was definitely enhanced with the Torah from your new haggada. I shared your words with my family at the seder and especially appreciated the parts about "rechush gadol" and the beautifully nuanced parallel sections of the 4 sons and the 4 fathers. Also, I loved the psychological insights and deep understanding of the individual that you expressed. Finally, I am always excited by your alliteration. School is winding down for the semester but not before I write papers for Iyov, Tehillim, and "science and religion," all classes taught by master teachers and all scintillating and challenging. This semester, like all of my Stern experience, has been a great gift academically, socially, and personally. As you know, at 10 weeks post interview, I am still quite eagerly waiting to hear from Einstein. I hope positive news will come bimhera!

Just wanted to let you know what I'm up to.  
I hope to see you so soon!  
Shabbat shalom!

Love,
