

# Lecture to Yarnel 6/19/67

I. Theme:  $\rightarrow$  self(NI) Gosh  $\rightarrow$   $\left\{ \begin{array}{l} \text{(Ps. 24)} \\ \text{show} \end{array} \right.$   
 it finds expression in most halakhic instns.  
 Some - obvious.

Others - interp (story: Qeendhira)

II. וְיִתְהַלֵּךְ -

וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ  
 וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ  
 וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ וְיִתְהַלֵּךְ  
 ...  $\rightarrow$  self(NI) Gosh  $\rightarrow$  self(NI)

Social self  $\underline{\text{NI}}$  = Leadership

III. אֶעֱשֶׂה = acknowledgement אֶעֱשֶׂה.

$\rightarrow$   $\exists$  in Abel (" ") + Cain (pass-off)

Difference: Abel confirms אֶעֱשֶׂה C - reid of it

Thus  $\rightarrow$  אֶעֱשֶׂה ( $\neg$  = personal reln p)

but אֶעֱשֶׂה רָשִׁים (ex: רָשִׁים = ownership of it)

IV.  $\text{אֶל}$  -  $\text{אֶל}$ ,  $\text{אֶל}$ ,  $\text{אֶל}$

~~W-2733~~ ≠ charitao; trusty & his property.

Thus we have:  $\text{f}_1 \rightarrow \text{f}_{1N} \text{S}_2 \text{P}_{1N}$

$\mu\text{R} \rightarrow 33 \mu\text{C}_2\text{H}_5$ ,  $\text{WLRN} = (r_N \cdot 11^2 \cdot M)$

תְּמִימָנָה (אַלְפִים) בְּשֵׁם יְהוָה, כְּלֵי נָנוֹת

# MISNINER IN MÝR AÍSÍNN

11/3/1971 (102-1552) (11/13/1971) NNN (102-1552) (11/13/1971)

- irrelevant to my emotions

-Thus:  $\rightarrow$  p $\rightarrow$ l

- TRVI,  $\tilde{\rho}_2 N_2$  (10:10:s) requires  $\rho_{12} > 0$

- multiple inheritance:  $\text{class } A \text{ inherits from } B \text{ and } C$

טַבְדֵּלָה בְּמִזְרָחָה וְבְמִזְרָחָה בְּתַבְדֵּלָה.

333 : 121(CN 12) 21 N2 P'35

(...எல் ஸி இணை

- Example:  $\text{dist}_1 \text{ for } \beta \dots \beta$

IV אֶל - primarily: fierce

- פִּתְּרֵל אֶל יְהוָה נִנְחָל

- Philo: rest framework.

- we: reversal ... אלה פִּתְּרֵל: פִּזְבַּח כְּסֵד

כְּסֵד גְּנוּשָׁה שְׁלֹמֹה בְּשָׁלֹמֹה נִנְחָל

כְּסֵד נִנְחָל נִנְחָל נִנְחָל ... שְׁלֹמֹה

- Abanbarrel: ℓ = purpose, when - הַלְּכָדָה

- so Septuagint: ἡ - στρατεύεσθαι τούτην

... οὐκέτι οὐδὲ -

- what is נִנְחָל ? - ownership

אֶל (right later)

V יְנִיחָל - Royalty

VI אֶלְלָה - Adam vegetation

~~וְאֶלְלָה מְנֻחָה~~ - אלה מְנֻחָה - rest

- "possession" or reparation.

אֶל + זְמָן -

= בְּרִית מִילְחָמָה וְלִבְרָרָה

א-א = own "possessor" - תְּרִיכָה פִּתְּרֵל כְּסֵד

woman, different type (א-א)

X - Prayer - אָמַרְתִּי וְאֶלְעָזֵר וְאֶלְעָזָר  
acknow'l of God as Source;  
so, highest word = אֱלֹהָים.

II - Shilo PR - בְּרוּךְ יְהוָה אֲלֹהֵינוּ  
God's right to choose. Sefer ha-  
torah, בְּרוּךְ יְהוָה אֲלֹהֵינוּ  
- נְתָנוּ לָנוּ מִלְּפָנֵיכֶם

אָמַרְתִּי וְאֶלְעָזֵר - אָמַרְתִּי  
בְּרוּךְ יְהוָה אֲלֹהֵינוּ

XII - BUT = man nothing? nobody?  
(story - son - look who's a nobody)  
authoritarian - no autonomy -  
servile vassal possessive deity?

XII. No! -  $\delta$ fin abw- $\mu$ ris  
man always sales  $\pi$   $\mu$   $\lambda$   $\mu$   $\lambda$   $\mu$   $\lambda$   
more strives, more enslaved...

- first replin is if it is r  
After - first break out review cycle  
what mean?

- Ownership = essence / function  
- Usage = user / level

- beggar - only links
  - aristocrat - more or less links
  - ~~gentleman (13<sup>(ii)</sup>)~~  
- gentleman ~~only~~ no links
  - ∴ for TRUE  $\alpha \beta \gamma \delta \rightarrow$  less links

imitatum ( $\neg \alpha \beta \gamma \delta$ ):  $\neg \beta \gamma \delta \neg \alpha \beta \gamma \delta$

- by reflecting use, active mastery -
- $\text{אָמַר} \text{ יְהוָה לֵאמֹר כִּי תַּעֲשֶׂה}$  (complete imitation, married ...)
- thus  $\text{אָבָר} = \text{תְּרִיכָה}$  (own, not use,  $\underline{\text{לְ}}$ )  
(like father - own, not use,  $\underline{\text{לְ}}$ )

belongingness with above

XIV - So:  $\text{תְּرִיכָה}$   $\underline{\text{לְ}}$   $\text{אָבָר}$  = in giving  $\underline{\text{לְ}}$   $\text{אָבָר}$ ;  
in rewarding  $\text{תְּרִיכָה}$  unless in Sat.;  
restrain life -  $\text{אָבָר}$ ; forfeit  
claims possession only in married  
life - not only "children";  
( $\text{אָבָר} - \text{אָבָר}$ )

XV -  $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{פְּלִירָה}$   $\text{גָּבָר}$  -  $\text{אָבָר}$   $\text{לְ}$   
 $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$  -  $\text{אָבָר}$   $\text{לְ}$   
 $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$  :  $\text{אָבָר}$

XVI.  $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$ ,  $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   
 $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   
 $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$   $\text{לְ}$   $\text{אָבָר}$

(XV) - If time: Add in what

plain form & our wrap-up -  
if you can m  
),
