Dear Rabbi Lamm,

To my regret I understand there have been difficulties in the way of your nomination as President. I do hope things will straighten out after all. As you know, I have been a staunch believer in the need for a President and I shall not desert fighting for it.

I am taking the liberty of enclosing a copy of a letter I sent Mr. Jerselson in connection with our Summer Institute. As you will gather from the context, we have met with a refusal, and, frankly, I am worried. We have taken upon ourselves a heavy responsibility and shall have great difficulty in meeting it. If you could help us in this, we would indeed appreciate it.

With warmest regards and wishes,

and
שלכם כבוד

Yours very sincerely
