Feb. 4, 1957 ~~Idea for~~ 7/11/57 - Late Friday.

A-246

Expn of Rly meaningless without expn of self -
 gen (universal) that before Rly, at N's, Jews
 felt they themselves were instruments for God's will -
 as: Expn of God's will: God's will is - i.e. that Jews
 selves were God's will - *after Rly - expn of Rly,
 i.e. physical object rather than ~~the~~ human receptacle
 for Divine will -

idea: "THINGIFICATION" - wealth measured
 by objects owned, instead of utility; charitable as
 solely by amount given instead of love spirit in
 which given; Religion centered in Temple, not in conduct;
 instead of books, not mental applications;

Our world is God's will - defects inherent in life
 of personality such that book necessary to intellect, not capable
 thinking independ. + evolving complete structures; organic
 beauty necessary; Rd. devotion must have a share....

But - must assume God's will ...
 we of God. hope to build - absolutely necessary -
 but our pride is that unknown we will build
 more than walls, but a receptacle for God's will

also (from universal's grandfathers): - / God's will is God's will
 Rly is God's will is God's will

* Mithras: maintaining, Nishim Rly N's, + that Rly N's come after
 Gen Rly. Similarly, ~~the~~ God's will was perhaps also for God's will in
 Rly in Nishim Rly - God's will in Rly.
