Dear Rabbi Lamm:

Enclosed is a brief
leaflet which recently
came into my hands. It
seems that it was
distributed to local
Queens high school students
as they were leaving school
for the day. (The distribution
took place outside of
the school by a total
stranger.) Needless to

say, I was astonished
by its contents as well
as by the lay-line on the
front side. Perhaps I
have been a bit too naïve
in the past as to the
existence of both, such
anti-semitic literature
and organizations formed
solely for this purpose.
However, my eyes have
been rudely opened for
the future.

I thought you might
like to see this leaflet
