Dear Norman:

It is a real pleasure to join the large numbers of your well-wishers in congratulating you on your most distinguished appointment as President of Yeshiva University. It was a wise and ideal decision.

We are all confident that you will bring honor and great leadership to the Yeshiva and inspiration to Klal Yisroel. Lee and I especially rejoice as Bnei Hamishpocho.

By coincidence, I just read the fine biographical sketches of your family in the republished Sefer of your late grandfather, *YBS*. Your work and contribution will surely be a great and fitting continuation of a wonderful family tradition. I am enclosing a check for the book fund, as suggested by your uncle.

Kindest regards and warmest wishes for success in all your endeavors.

Sincerely,

Abraham Kelman
