Rabbi Norman Lamm,
Beth Israel, N.Y. City

Dear Sir:

I was shocked, as was no doubt the Whole American Race, at your article in the N.Y Times, about Hymns and Religion on T.V. and Radio under "Commercial Sponsorship," there must be no Radio or T.V. without Commercial Sponsorship - and as for Religion on the air or anywhere else, we can't get too much of it as Christians. Of Course Russia has your ideas tho "No Religion" and are how unhappy that

nation is to-day- I am surprised that you could stick your neck out to Protect the type of man as Kaufman, he seems uncouth to me and I could never enjoy him on T.V. or Radio-

I am sorry the Times printed your article and it should be Boycotted by christians. the jews have no Religion only once or twice a year and seem so divided in it. you are only causing more Hatred toward your Race, and I have some good friends who are jews.

Very truly yours
