New York, N. Y.

Dear Rabbi Lamm:

I am pleased to advise you that your application to serve on the staff of CAMP MORASHA as Educational Staff Associate has been approved. Your duties are to include those customarily assigned to camp staff members in your category, as interpreted by the Camp Director and described in the Staff Manual.

You will be required to make yourself available for staff orientation sessions at least twice monthly during the two months preceeding opening of camp. Your staff responsibilities at camp will commence on June 27th 1965 and terminate on Aug 24 1965 as per attached letter

You have been awarded a salary of \$ ----- payable at the end of the camp season. It is understood that your employment may be terminated by the Camp Director for cause at any time, and in that case, your salary would be pro-rated from the opening day of camp.

Please sign this acceptance on both copies of this letter, and return them to the camp office at once to signify your acceptance of these terms. If we do not hear from you within ten days, we will assume that our offer is unacceptable and we will no longer consider ourselves obligated to the terms of this agreement.

Sincerely,

Zvi Reich
